

To: CHP Summer Camp and Preschool Families

Fr: Elaine McCarthy, Director

As a 501(c)(3) nonprofit preschool, Children's House receives significant funding from government sources (i.e. city and county) and private foundations. These grants help to fund our scholarship program, general operating costs and building expenses. Every CHP family benefits from these funders; without them, our tuition rates would increase.

Several of our funders require us to report quarterly or annually on the demographic makeup of the families that attend the program. While we recognize that this information is personal, efforts to collect it anonymously in the past have led to much confusion about who has and has not provided data.

Please complete and return this questionnaire. We assure you that your responses will be kept confidential and will only be used in aggregate (i.e., we will not be reporting information by family but for the entire school, so your name will never be linked to the data we report).

If you have any questions about this requirement, please see Elaine. Thank you!
